VISION

To become an exemplary university of internationally acknowledged stature and a scholarly institution of choice for both students and academics through the pursuit of excellence in teaching, research and scholarship.

VISI

MISSION

To generate, disseminate and apply knowledge strategically and innovatively to enhance the quality of the nation's culture and prosperity of its people.

Untuk menjana, menyebarkan dan menerapkan ilmu secara strategik dan inovatif bagi memperkasakan kualiti budaya bangsa dan kemakmuran masyarakatnya.

MISI

INTEGRITY

A fundamental value that everyone in UNIMAS must have by doing the right thing in all circumstances. It is the foundation on which trust and effective interpersonal relationships are built. These values, therefore, will strengthen the beliefs and trust where all staff share the same vision, operate with the same values and participate together in instituting transformation in the University.

INNOVATIVE

Creative as individuals and as a team, and encouraging others to adopt new, 'out-of-the-box' thinking and ideas to achieve high quality performance in all aspects. Management and staff will continuously strive for excellence and resist the tendency to be complacent.

SINCERITY

The inner drive and motivation to pursue actions that are important to UNIMAS regardless of incentives. To be sincere is to keep to one's word and commitment to deliver the work that is important to the organization, and not to have one's personal interest override the interest of the team and the University.

PERSEVERANCE

Being persistent and steadfast in the pursuit of a worthwhile purpose, the realization of ideas, and the execution of all tasks despite obstacles, challenges or discouragement. UNIMAS employees work tirelessly and do not give up easily, having the belief that sooner or later, they will reach the shared goals and realize the vision.

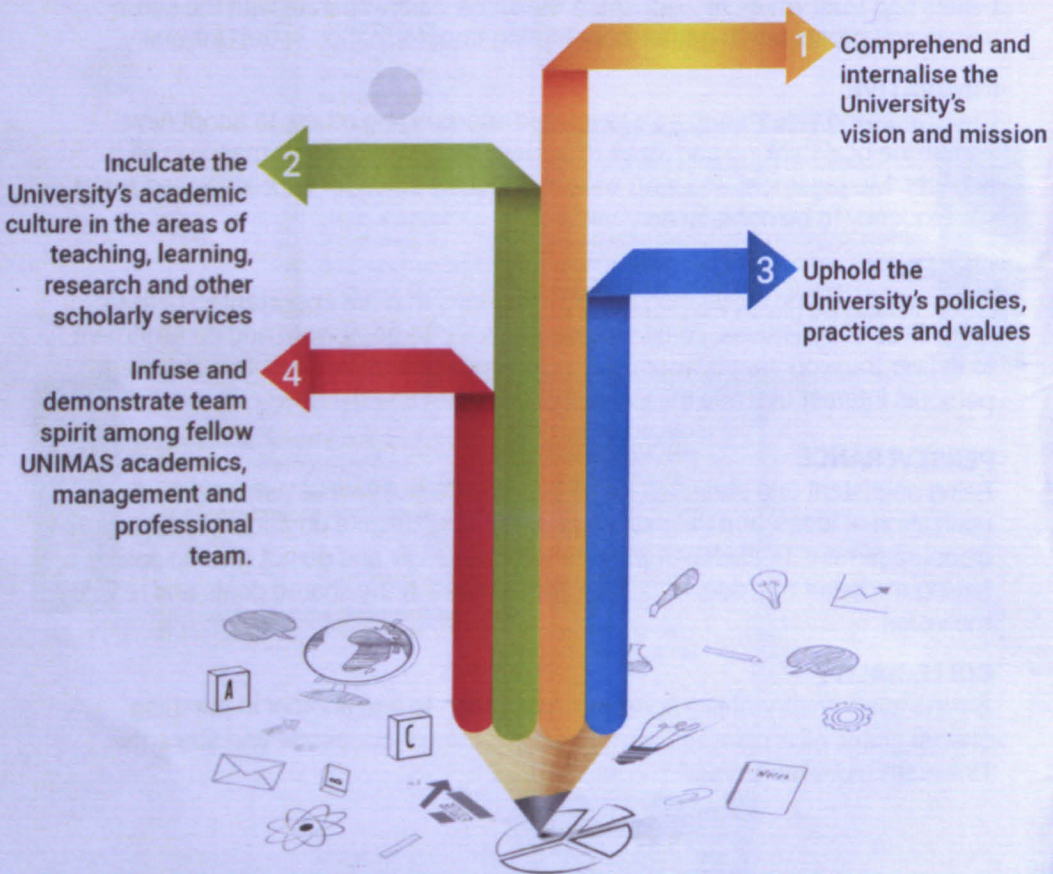

COLLEGIALITY

Strong team spirit that is a source of motivation to one another in pursuing shared goals. All employees work together willingly, cooperate and share the University's challenges and successes.
